

A schematic diagram of a mechanical assembly. It features a large rectangular block (1) with a smaller rectangular component (2) mounted on its top surface. A vertical shaft (6) passes through the center of block 1. On the left side of the shaft, there is a component (3) connected to a horizontal support (4). On the right side of the shaft, there is a component (5) connected to a horizontal support (5). Dashed lines indicate the alignment and connection points between the components.
